## MESSAGE TO OUR PARTNERS

April 3, 2020

To our valued friends and partners,

TLS continues to monitor the COVID-19 pandemic very closely.

In order to help limit the spread of this virus, and to protect our employees, their families and our partners, we have decided to suspend operations the week of April 6 and possibly the week of April 13.

Our management and office staff will continue to work remotely in order to keep estimating, project management and other critical functions moving forward.

We are completely committed to you, our partners. If you have a pressing need or concern about how this will impact your project(s), please reach out to the appropriate TLS personnel, or contact me directly.

We appreciate you and your understanding.

We look forward to getting back to work in the near future.

Sincerely,

Larry N. Butler  
President  
(918) 619-5775
